BUILDING MATERIALS

TO HOMEOWNERS, BUILDERS AND OUR FARM TRADE:

The number of new homes completed nationwide in 1948 was far greater than for any previous year. In the southern and western sections of Maine we furnished building materials for some 300 new homes, as well as materials for many remodeling and repair jobs.

Building materials of all kinds are in good supply, and we are offering you good merchandise at the best possible prices. We are able to give better delivery service this year, as we have larger stocks to select from, and delays will be avoided.

Our 187 Brighton Avenue Sales Office, Portland, displays many modern building items such as Kitchen Cabinets, Mantels, Doors, and Casement Units. We offer you many home models and floor plans, with cost data to meet the budget of all homeowners.

Our offices are conveniently located at 187 Brighton Avenue, Portland, phone Portland 2-1965; 35 Gertrude Avenue, Biddeford, c/o Fred Skillings, phone 1676; 152 Middle St., Lewiston, c/o James P. Bushey, phone 4-4782.

Sincerely,

CATALOGUE PRICES

The prices shown in this catalogue are the lowest market prices at the time it went to press, but there is no way for us to know whether or not the manufacturers' prices will change. Therefore, all prices shown are "Subject to Change Without Notice." Should the market lower, we guarantee you will have the advantage of the saving, and if it should strengthen we will necessarily have to increase our prices.

A Poultry House any Farmer can erect. Additional Units can be economically added. Could be easily adapted as a Cow Barn, Farm Shop, Garage, Wood Shed or Storage Shed.

SIZE 12'x24' . . Capacity 75 Birds

Material Only \$260.00

Only \$22.81 per month on our 12 month Payment Plan

ASPHALT SHINGLES

65

DURABILITY AND STRENGTH

where the weather strikes with

12-INCH THICK BUTT SHINGLE

Per Bdl. \$2.20 Per Sq. \$6.60
210 lbs. per Sq. Sq. covers 100'

YOUR BEST BUY. Extra protection where the weather strikes. Colors: Gray Green, Evergreen, Red, Blue Black, Blue Blend, Slate Blend, Redfield, and Greenfield.

TEXACO

We suggest to Farmers and Owners of Extensive Buildings that they use Standard Colors . . . Gray Green, Blue Black or Red. These Colors are always available. Other colors likely to change.

HEXAGONAL DESIGN SHINGLE

This design is well adapted to certain types of architecture. It is suitable for any roof that slopes enough to drain well. It is easy and quick to lay on a new roof or over the old shingles. The rich, natural slate colors in this shingle snaps any home out of the dullness of ordinary roofs. 2 Bdl. cover

100 square feet.

Standard Size 11 1/3 x 36 with 2" headlap.

167 lbs. per Sq.

Per Bdl. \$2.60 Per Sq. \$5.20

Colors: Gray Green, Evergreen, Blue Black, Red, and Tile Red. Ideal for cottage and garage coverage.

GIANT ROOFING SHINGLES 12x16"

A life-time roof. Available in the following colors:

Green, Red and Blue Black

Per Bdl. \$2.75 Per Sq. \$11.00

325 lbs. per Sq.

FIGURING SHINGLES FOR ROOF

Measure length of building including roof projection. Measure width of building. Multiply overall length by 2/3 of width. Example: Building 28' with roof projecting 1' each end—30' long, width of building 24', use 2/3 or 16' as rafter length. Multiply 30x16 or 480' per roof side. With two sides to cover 960', or 10 Sqs. required.

CONSIDER THESE BASIC FACTS: First—Asphalt is the greatest weather and waterproof substance the world has ever known! Second—the purest asphalt in the world is obtained from crude petroleum. Third—The Texas Company . . . manufacturer of over 350 industrial petroleum products . . . is one of the largest producers of Asphalt—in the World! And Texaco THICK BUTTS are, by weight, nearly one-half Asphalt!

TEXACO Roll Roofings

MINERAL SURFACED

Heavy Felt with coating of slate granules. Colors: Blue, Black, Gray Green, Evergreen, Red, and Tile Red.

90 lb. 36" wide \$3.00

110 lb. 19" wide 5.00

Above items with selvage edge.

TEXACO SMOOTH ROOFING

Highest quality.

5 lb. Can60

1 lb. Can20

ROOFING BRUSHES

White Roofing Brush, 2 1/2" x 7"

\$.40

ASBESTOS AND WOOD SHINGLES

"GLATEX"

This new exclusive "GLATEX" process seals the siding against water and dirt penetration. It is baked and fused into the core of the siding . . . it is as permanent as the shingle itself.

"GLATEX" helps keep the side walls factory fresh and clean. This new process is considered the greatest improvement since the introduction of asbestos shingles. Textured Surface.

Size 12"x27", Wt. 186 lbs.—WHITE

Size 12"x24", Wt. 186 lbs.—GRAY, WHITE

 ings, architraves jambs and Oak
 sill.

"MASSENA"

Frame No. C-1755 **\$37.00**
 Door C-1030 **36.00**

ENTRANCE MASSENA

The beauty of this entrance is in its simplicity. The plain surfaces are relieved by the correctly proportioned cap and the contour of the heavy architrave molding around the door opening. An inexpensive design for any wall construction.

ENTRANCE PITTSFIELD

A doorway of beauty and simplicity—adaptable to any type of wall construction. When the building budget is limited, this entrance will solve the problem and reflect the owner's good taste. It will be equally attractive with a glazed door.

CAST BRASS or BRONZE and CAST RUSSWIN METAL

Since 1839, Russell & Erwin Mfg. Company has rendered constructive service in the Builders' Hardware field. Its aim has been to improve its products and its methods by constant experimentation and adoption of the latest scientific and industrial developments.

Always its object has been to make a worthy product that would find a useful place in the community and prove of benefit to the public.

The name Russwin thus stands as a symbol of fine quality — a guide to the consumer in making a needed purchase — a constant challenge to its sponsors to strive for even higher standards.

Any product bearing the trade-mark RUSSWIN is designed to give the utmost in long service and satisfaction.

DEVOE PAINT

EXTERIOR HOUSE PAINT

Sound Chemical Research Backs DEVOE 2-Coat System . . Modern Science Produces New Pigments . . New Processing of Oil . . Develops Sensational Exterior Painting System . .

"House paint has two jobs to do," said Devoe chemists. "It must preserve the surface . . . it must resist the weather." SO, they reasoned, we'll make a special paint for each job . . . a paint that will do its own job better than any "all-purpose" paint ever could. OUT of this came the Devoe 2-Coat System—the use of two distinct, specialized paints. First, the undercoat that seals pores in the wood, prevents life-giving oils from being sucked from the paint. Then the topcoat that resists sun and weather—stays clean and beautiful. TOGETHER, these paints have established new standards of fine painting. They look better, wear longer, and cost less than three coats of average paint.

WALLBOARDS

SHEETROCK

Modernize
with
SHEETROCK

WALLBOARD

Low price and rapid handling provide substantial interiors within reach of all. Sheetrock is easy to apply,—is nailed, sawed, and fitted with the ease of lumber. Boards are light enough for easy handling but strong enough to provide an enduring wall finish. Surface is Ivory finish. $\frac{3}{8}$ " thick, 48" wide, 7, 8, 9, 10, and 12' long. Per sq. ft. **\$.045**

"PREDECORATED" SHEETROCK

Finished in Knotty Pine, Mahogany, and Walnut, $\frac{3}{8}$ "x4'x8'
Per sq. ft. **\$.07**

SHEETROCK TILE BOARD

This board is made the same as Sheetrock except it is tiled into 4" squares. Suitable for use in bathrooms, kitchens, doctors' offices, etc. Comes 48" wide and 8 foot long.

Per sq. ft. **\$.08**

PERF-A-TAPE

Sheetrock joint reinforcement puts an end to wallboard joint problems. Perf-A-Tape cement is buttered into the joint channel formed by Sheetrock recessed edges and the reinforcing Perf-A-Tape strip is buried in the cement to make the joint stronger than the board itself.

For Sq. Ft. Sheetrock
Treats Joints

250' Box	1000'	per Box	4.00

Marlite brings a beauty and charm that captivates everyone. No matter what decorative scheme you have in mind, Marlite colors and patterns will enable you to achieve it.

The large sheets of Marlite are easily cut to the proper size pieces with regular carpenter tools. These pieces can be quickly fitted and installed by any good carpenter. Marlite is applied over plaster, insulation board, wall board or walls of any similar material that are straight and dry.

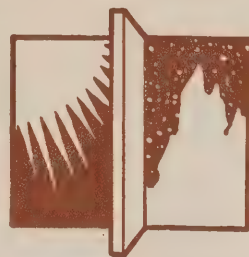

The large wall-size panels of Marlite make modernizing economical . . . for the average wall can be covered from corner to corner with one sheet. All colors and patterns of Marlite are sold in large sheets 4' wide and in lengths ranging from 4' to 12'.

DeLuxe \$.45 Per Sq. Ft.

In stock 4' x 8' sheets. Colors: White, Cream, Buff, Yellow, Blues, Coral, Greens and Red. All colors available. Send for color card.

WEATHERWOOD INSULATING BOARD

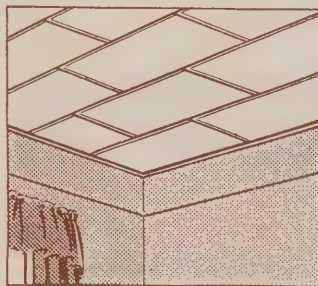

Suitable for plain walls. Ivory finish $\frac{1}{2}$ " x 48" wide by 7, 8, 9, 10, and 12' lengths . . .

Per sq. ft.

\$.055

INSULATING TILE BOARD

This attractive decorative board is stocked in three sizes: 12x12" and 16x32" — $\frac{1}{2}$ " thick and 16x32" — $\frac{3}{4}$ " thick scored to make 16x16", all in textured Ivory or Blendtex finish (variegated tan). No painting required. All edges are tongue and grooved with an ogee bevel. Rigid, strong, high in insulation value and noise absorbing medium, very pleasing in appearance and very popular for both old and new work.

$\frac{1}{2}$ x12x12 (32' to Bdl.)	Ivory or Blendtex	per ft.	\$.085
$\frac{1}{2}$ x16x16 (56.9 to Bdl.)	Ivory or Blendtex	per ft.	.085
$\frac{1}{2}$ x16x32 (56.9 to Bdl.)	Ivory or Blendtex	per ft.	.075

INSULATING PLANK

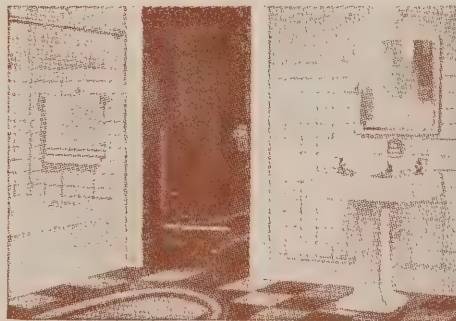

Used for insulating and decoration of side walls. Stocked in Blendtex color (variegated tan) in $\frac{1}{2}$ " thick x 8-10 and 12" width and in 8-10 and 12' lengths. Painting or papering unnecessary when planking is used.
per ft. **\$.085**

HARDBOARD

(PRESWOOD)

It is science's strongest, smoothest, grainless board. It is strong, light, splinterless, easy to handle, will not crack or swell and is very attractive. It is made of wood fibres pressed under terrific pressure, making it extremely dense, rigid and sturdy.

Sheets $\frac{1}{8}$ " x 4 x 12' — **\$.065** ft. Treated — **\$.09** ft.

TEMPTRILE

(TREATED HARDBOARD TILE)

Made of Treated Hardboard and is marked off in 4" squares. Just the thing to modernize your dark, gloomy kitchen and bathroom and make them more cheery. Used in hallways, hospitals, restaurants, meat markets, public buildings, etc. Easy to install. Saws and nails like lumber. Temptrile can be easily decorated in any of the glorious colors so popular today.

$\frac{1}{8}$ " thick, 4x12' sheets — per sq. ft.

MATERIALS FOR GARAGE

Size 12' x 18' material only \$170.00, or \$5.43 per month on our 36 month payment plan—includes Framing, Lumber, Sash, Novelty Siding, Roof Boards, Slate Surfaced Roofing, Sheathing for Garage Doors, all Nails and Door Hardware.

41A Floor Plan . . .

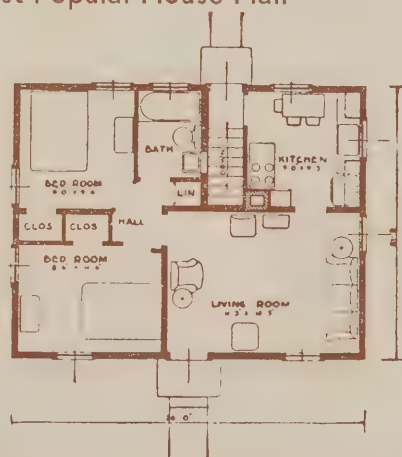

FOUR ROOM CAPE COD HOUSE

Compact. Ideal for Small Family.

\$2050.00 Pays for Building Materials

Our Most Popular House Plan

Includes mason materials, shingles, framing lumber, sheathing, siding, flooring, sheetrock walls, tile ceilings, doors, windows, interior and exterior trim, cabinets, hardware, paint and insulation.

ARCHITECT DESIGNED

"The Palsen" as shown in our latest Plan Book.

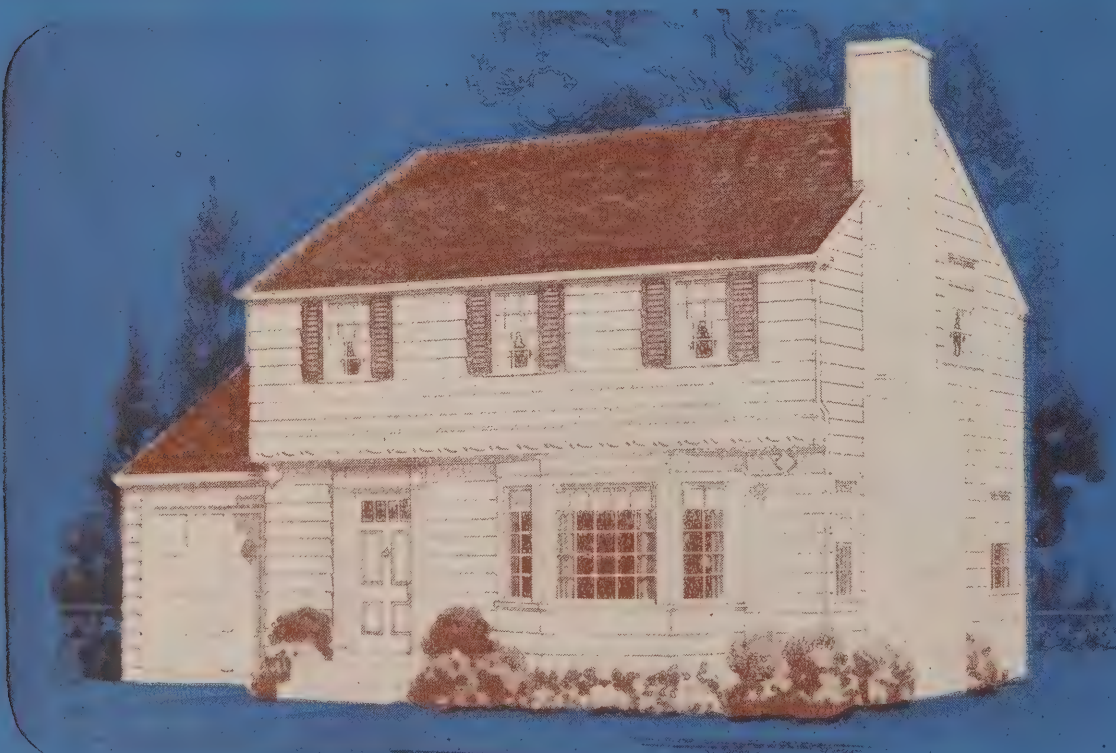

A cozy home of 4 good sized rooms on first floor with additional space for bedrooms on the second floor. Stairways well located.

The first floor plan shows well planned home.

All materials for completing exterior and first floor, with stairway to second floor for only \$2490.00. Estimated completed cost of \$6650.00.

Many House Models and Floor Plans are on display at our 187 Brighton Avenue, Portland, Sales Office. A visit will well repay you, as our representatives will be glad to give you cost information, and also show you the display of Kitchen Cabinets, Corner Cupboards, Doors, and other Building Material items.

SMALL HOMES

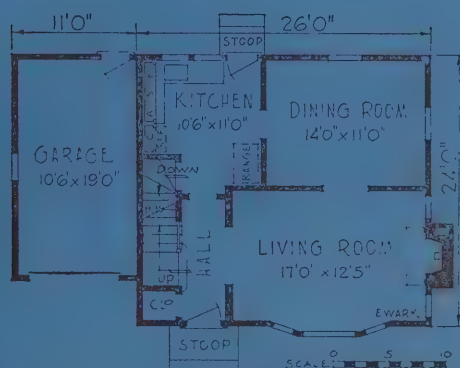

THE *Ewark*

Home builders are demanding the 2-story home. This plan is compact and convenient with sleeping rooms and bath on second. One at once notes that all bedrooms have cross ventilation. This distinctive design can be built for approximately \$10,000.00. Building materials cost only \$3750.00 and can be financed on F. H. A. payment plan.

Large closets, linen and towel space.

Large living room is flooded with light from broad bay windows. The cozy fireplace also adds enjoyment to this well planned home.

This design qualifies itself for distinction because of the spaciousness of the rooms contained in the comparatively small outside dimensions.

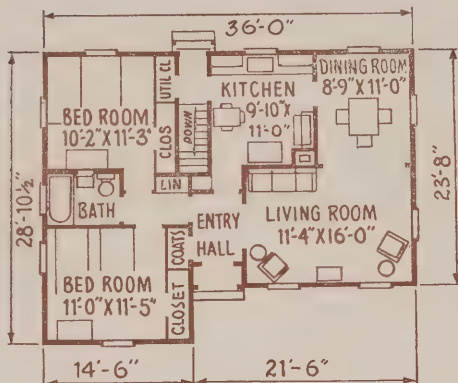

CUBAGE

House	16,820 Cu. Ft.
Garage	2,750 Cu. Ft.
TOTAL	19,570 Cu. Ft.

SMALL HOMES

PLAN 51-E FIVE ROOMS, ONE STORY

51-E

Cut-away view of living and dining quarters shows how privacy is afforded by separate entry hall in the 51-E Design Home.

The building materials can be furnished for this plan for \$2800.00, and we estimate the completed cost will approximate \$7500.00.

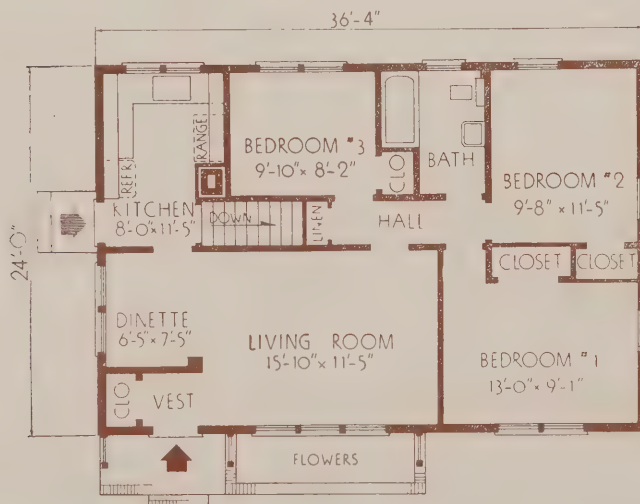

This was one of our best selling homes in 1948. Blueprints and specifications available on application at minimum cost.

PLAN 5127 FROM FRONT COVER

The floor plan below is well arranged for the small family. Modern in design for a maximum of good living. Interior of the house is skilfully arranged with spacious living room 16' x 12', with extension for dinette 7' x 8' that is shielded from front door by vestibule wall.

Note you have three good sized bedrooms all conveniently located on first floor. The kitchen is "U" shaped and designed for efficiency and pleasant working hours.

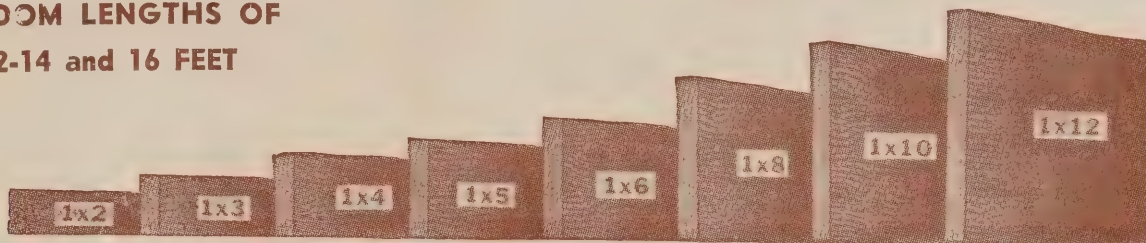

Window areas are generous and well placed and of the horizontal type glass design. Good circulation of air is assured.

Note doorways to hall and kitchen and side entry. Long walls of living room are excellent for furniture arrangement. Materials complete for this design only \$2950.00. Estimated completed cost \$7900.00.

WHITE PINE LUMBER

Our White Pine comes from Maine and is genuine White Pine. There are several woods that are sold as White Pine, such as Ponderosa, Western or Hard Pine, but they are not the **Genuine** White Pine and will not last as long, finish as good, or hold paint as well. We recommend this lumber as being the best for any purposes where the surface is to be painted. Carried in 3 grades.

BEVEL SIDING (Clapbds.)

RED CEDAR (10 Pcs. to Bdl.)

We buy our sidings in carloads and are therefore able to quote these real low prices. Experience has taught us that Red Cedar is the best lumber for siding. It is long straight grained, light weight, resists decay and is economical to paint.

LOG CABIN BOOKLET

Horizontal
Wall
Detail

The logs, as illustrated, are selected, carefully peeled, split, planed one side, and both edges grooved for splines.

They may be used either horizontally or vertically. When used horizontally the edges are bevelled to give perfect protection against the weather. In using the vertical type of wall the studs are eliminated.

Cabins and camps made of Maine White Cedar Logs can be erected at a moderate construction cost.

Cedar Log Doors and Trim for Log Cabins carried in stock.

Note: In 4V over 1 column, windows under 24" wide made 3V over 1, over 30" wide are made 5V over 1.
In 6 over 1 column windows under 24" wide are made 4 over 1; over 30" wide are made 8 over 1.

1 over 1 2 over 1 4V over 1 6 over 1 4 over 1 8 over 1

Our windows are made of White or Ponderosa Pine 1 $\frac{3}{8}$ " finish thickness. All window frames of State of Maine White Pine.

All windows are glazed, prefitted and toxic treated. Over all size indicates extreme width and length. Glass bottom sash indicates size of glass.

Frames prefitted and ready to nail together; the jambs, of selected pine are equipped with pulleys. The casings and stools are made of native pine. We furnish 4 $\frac{1}{2}$ " width jambs on window frames.

If windows must be crated add 10c per window.

*Deduct \$1.00 if pulleys not required.

1x4 "D" V. G. Fir 2 to 16' 160.00
1x4 B&Btr. V. G. Fir 2 to 8' E. M. 180.00

SOUTHERN PINE FLOORING K. D.

1x4 C&Btr. 2 to 8' E. M. \$190.00

HARDWOOD FLOORING

Good supply from best producers of quality K. D. flooring. Standard lengths all finished $\frac{3}{8}$ "x2 $\frac{1}{4}$ " face. Available in Oak, Birch and Maple.

Clear, or 1st grade \$250.00
Select, or 2nd grade 240.00
No. 1 Common, or 3rd grade 180.00

HOW TO ARRIVE AT THE AMOUNT OF FLOORING THAT YOU NEED

Multiply the length of the room by the width, which will give you the square feet of surface to be covered. Add the percentage shown below to your surface feet to determine the amount of board feet which you will require.

(1x3) $\frac{1}{8}$ "x2 $\frac{1}{4}$ " add 33 $\frac{1}{3}$ %
(1x4) $\frac{1}{8}$ "x3 $\frac{1}{4}$ " add 25%

For example:

A room 10'x10' laid with 1x3" flooring requires 133 $\frac{1}{3}$ board feet.

"STREAMLINE" FLOORING

Bruce **STREAMLINE** Flooring gives you something new in Hardwood Flooring. Finished, waxed, and polished at the Factory by methods that give more beauty and longer life. 1x3 Oak and 1x4 Pecan with Beveled Edge. The bevels define the individual strips and give **STREAMLINE** Floors a distinctive patterned effect.

Oak	\$260.00
Pecan	240.00

FOR COLORFUL WALKS USE TATKO IRREGULAR FLAGGING

For permanent, beautiful walks, at low cost, use Irregular Flagging which may be laid by two methods.

1. Set in concrete with close joints.
2. Imbedded in ground—spaced wide, allowing grass to grow between stones.

Irregular Flagging is made up of irregular pieces $\frac{3}{4}$ " to 1" thick. Colors mixed, 10% Red, 35% Purple, 40% Green, and 15% Black and Blue Black.

Price \$.25 sq. ft.

SEPTIC TANKS

An economical and efficient disposal service. Heavy gauge, Asphalt treated steel. All seams are electrically welded. Removable flanged cover. Openings take 4" Tile or Iron Pipe.

300 Gal. 48x48"	\$45.00
500 Gal. 52x60"	60.00

Use 6D Parkerized nails. Two lbs. required to the square, 25¢ per lb.

Average job requires \$2.00 can of compound.

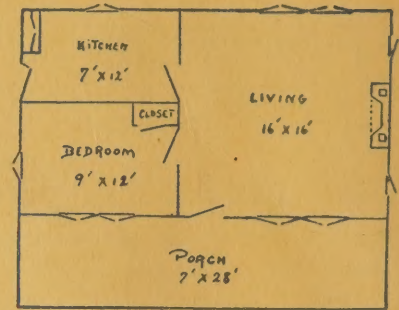

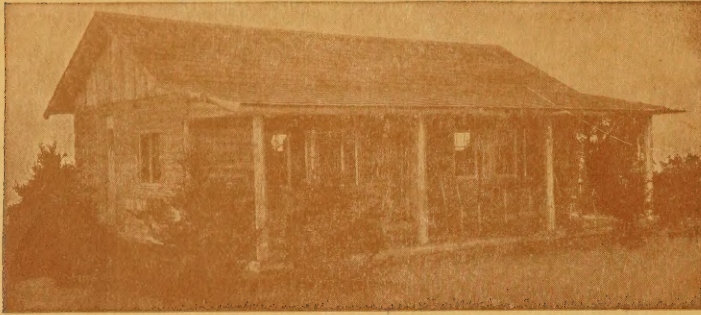

The average house requires 15 squares, and your cost of Insulated Siding only \$210.00. Can be financed on our easy payment plan for only \$6.71 per month.

L. C. Andrew, South Windham, Maine

CEDAR LOG CABINS

The strain of modern life emphasizes the need of providing for an attractive summer home at moderate cost. A rustic and livable log cabin can be built within the price range of most purses.

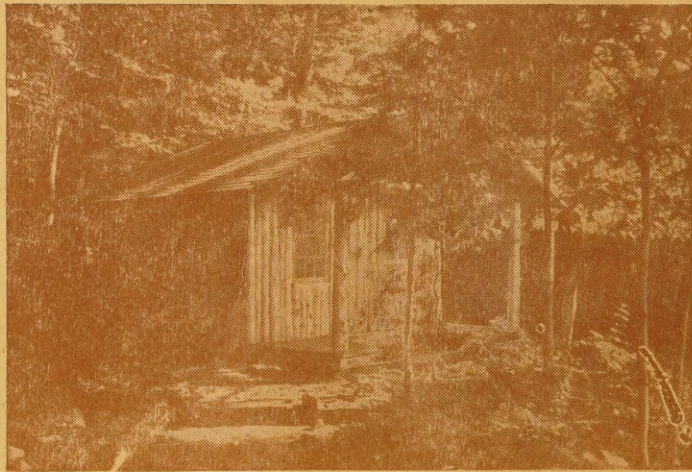

The cabin above will harmonize with any lake or seashore location. Spacious porch can be screened in for additional sleeping quarters. The large living room has plenty of sliding sash. This plan with porch can be furnished in size 23'x28' for only **\$820.00**. Sidewalls of Cedarseal Logs as shown on page 23. Roof sheathing, asphalt roofing, Matched Pine floor, sliding sash, log doors, interior partitions, kitchen shelving and hardware.

These cabins can be constructed with the horizontal log wall as above, or with the vertical logs as pictured in the guest cabin.

Our cabins are constructed of peeled Maine White Cedar and will last a lifetime. No exterior treatment necessary.

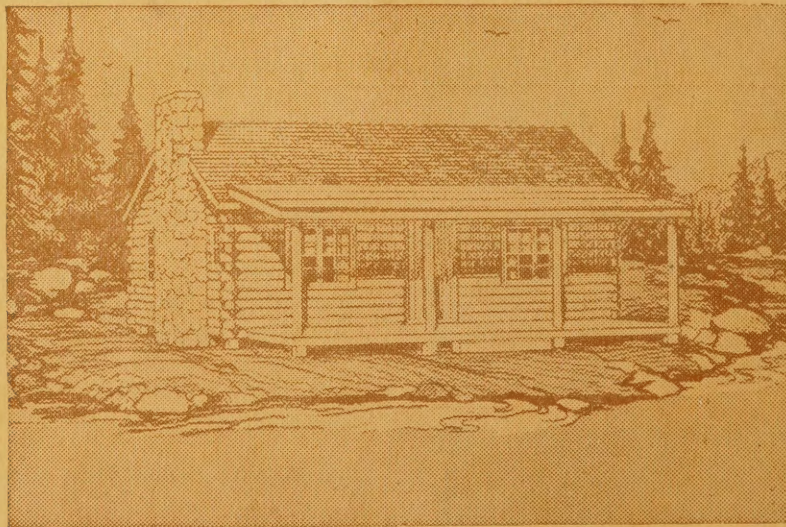

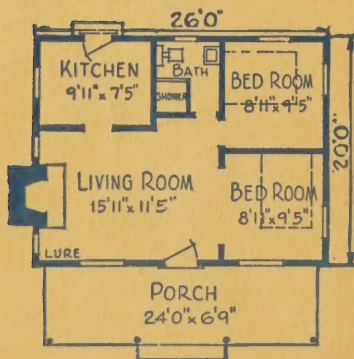

We can also furnish camp and cottage materials of regular siding or shingles if desired. Write for our book of plans.

Postmaster: If addressee has removed, please notify us of new address on Form 3547 postage for which is guaranteed. Be sure to show key numbers on every card. If Form 3547 is not sent, return the undeliverable matter. Return postage guaranteed.
